

Pictured on the Right: Mr. Two Sausages only checking on The amount of sausages in the bag!!! Well done!!!!

Note: If you think you have the talent and physical stamina to take on one of these very demanding jobs please see Tom Hernandez and see if you make the cut. Mr. Overby's job is permanent so you are prohibited from applying.

We have more pictures of Mr. Bill on his cell but all in attendance decided that beating a "dead horse to death" was cruel and unusual punishment for the horse? (On the weekends Bill does continuous calling for a large phone company that only calls you at supper time between 5pm and 10pm. We understand he is their top performer. And by the way the Harley Hog was just fine!!!!

Serving Veteran's and their Families  
One Veteran at a time.

## Breakfast for the Homeless 2017 Goes Extremely Well

The United Way Breakfast for the Homeless went very well and was attended by approximately 200 plus individuals, family members and most important homeless. This number was provided by our own Mr. Sausage Counter Mr. Rick Plummer better known as (two Sausage Only). Ricks meticulous ability to account for each and every sausage this is cooked not only at the Homeless breakfast but the Posts Friday breakfast as well, has reduced our cost of sausage by millions of dollars per year.

Many of the Post #100 members were in attendance and not only cooked breakfast but served as well. To those in attendance thanks for a job well done.

Tom Hernandez again this year acted as our lead spokesman at the United Way meetings but made sure that all cooks and servers did not eat the goods. We thank Tom for his ability to get us on this very worthwhile project. Tom also acted as the plate counter, set up supervisor, and all around spokesperson for the event. Tom does announcing and dance lessons on the weekend for cash donations.

The event starts with the crew arriving at approximately 5:30am and ends at around 10:00am when the Lyons come onboard and feeds lunch. Cooking starts as soon as the equipment is set up and hot. This year, Mr. Randy McCord also known at (Pancake Harry) was in fine form making delicious, golden brown, fully cooked pancakes even in the foggy, very cold weather. He demonstrated the military training of perseverance that it takes to accomplish this demanding job. Mr. Bill Brown (also known as the posts Long Sausage Chef) was again this year's head sausage chef, with many years of dealing with long sausages. Approximately 26 bags of sausages were cooked and Mr. Plummer (Two Sausages Only) as on site supervisor to make sure that each and every sausage was cooked to perfection and was accounted for.

Our Post Commander was as usual shaking hands with all of the important visitors, distinguished guest, and homeless that he knows before he found a job with the military and retired. Many of his jobs consisted of mixing the pancake batter, this year without fish in it as a past years mistake caused many of the homeless to refuse the pancakes and go hungry instead. Bill spent a lot of time on the cell phone to check on his Harley Hog which he left at home and was concerned about it being cold. Well Done Bill!!!

The following are some pictures of those who were present at this year's breakfast.

Pictured Left to Right: Joes Neves, Bill Overby and Randy McCord  
"Pancake Harry"

Mr. Tom Hernandez (El Jefe) with the United Way director, Mr. Two Sausages  
Only Rick Plummer, Joe Neves in the back, and Bill Overby on the cell phone.
